

第176回総合生命理学部・理学研究科セミナー

Knotting Nagoya 共催

Nagoya City University Seminar (No. 176) & Knotting Nagoya

---

**Speaker : Professor Sam Nelson (Claremont McKenna College)**

**Title : Quiver Categorification of Homset Invariants**

**Date : July 14, 2025, 15:00 ~**

**Place: Nagoya City University Takiko campus,**

**Building No.4 3rd floor Main Lecture Room**

Abstract:

The quandle coloring quiver and similar constructions provide a way of turning homset- based invariants into categories. In this talk we will examine this phenomenon with several examples.
